

How We Began

The UPS Employees FCU was founded by a group of United Parcel Service Employees who has a vision. Their aim was to give employees of United Parcel Service a Place to save their money, while creating a source for lower-interest loans borrowed from the members' pooled resources. These founding members adopted the Credit Union movement's philosophy of

"Not for Profit, Not for Charity,
But for Service."

Our Credit Union has come a long way during the ensuing decades, with the basic philosophy remaining unchanged. We are a cooperative union of people with a common bond and common goal; to provide the best financial services possible for all members.
